In re patent of
Tateki Jozaki et al.
Patent No. 7,169,070
Issued: January 30, 2007
For: TRANSMISSION CONTROLLER
OF A V-BELT TYPE
CONTINUOUSLY VARIABLE
AUTOMATIC TRANSMISSION

NOTIFICATION OF IMPROPER
PRIOR ART CITATION UNDER
37 CFR 1.501

The prior art citation filed by the patent owner under 37 CFR 1.501 on June 25, 2007 is hereby acknowledged to have been received and reviewed by the United States Patent and Trademark Office. The requirements for a proper prior art citation under 37 CFR 1.501 are as follows:

A) prior art submitted must be limited to "written prior art consisting of patents and publications". Any submission that contains any issue not directed to patents and publications will not be entered into the file and will be returned unconsidered, despite the fact that it may also contain "properly considerable" prior art. MPEP 2205.

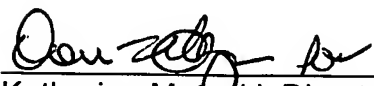

B) an explanation of how the person submitting the prior art considers it to be pertinent and applicable to the patent. MPEP 2205.

C) if filed by a party other than the patent owner, an explanation of why it is believed that the prior art has a bearing on the patentability of any claim of the patent. MPEP 2205.

D) if filed by a party other than the patent owner, an indication must be present that a copy of the submission has been served on the patent owner, or includes a duplicate copy if service on the patent owner was not possible.

The prior art submission of June 25, 2007 lack item (A) above. It is not clear that the submitted Office action from the Japanese Patent Office is a published document. Accordingly, the submission is hereby returned to the patent owner as an attachment to this Notification as per the procedure outlined in MPEP 2206.

Telephone inquiries relative to this letter should be directed to Quality Assurance Specialist Kenneth J. Dorner at (571) 272-6587.
